Help! My Husband Has Sexually Abused Our Daughter by Debra L. Butterfield is a book of reflection and healing while going through turmoil of emotions and family issues.

Debra chose the Book of Psalms as her path to find comfort and deepen her relationship with God. Every day start with the reading of five recommended psalms to help the reader to relax and be prepared to walk in her shoes for more than a mile. You will get a close look at her story, understand the lesson learned, a recommended course of action, and end the devotion with a personal prayer. You will experience Deb's emotions and ride the rollercoaster of her family during this journey of faith and total surrender to the Father's plan for our lives.

I recommend this book for individuals and families who are dealing with problems of incest and/or sexual molestation. The book is written in a very personal language which makes it easier to read and understand without judging those involved in this type of situation. It is a great tool for counselors working with Christian patients who need the assurance of God's loving arms around them in such a time like this.

*"He also brought me up out of a horrible pit, Out of the miry clay, And set my feet upon a rock, And established my steps" (Psalm 40:2)*
